## AHM Council supports half reduction in Srs. property taxes

Minden — The seventh meeting of the council of Anson, Hinden and Minden met Wednesday, March 26th in the municipal chambers.

One of the first orders of business was a resolution concurring with a North York resolution with respect to demanding Ontario Premier William Davis to live up to his election promise and reduce property taxes for the majority of the province's seniors to a maximum of 50%.

Council also passed a resolution strenuously objecting to the current plans of the Canada Post to implement a Saturday closing of postal services in all small communities for various reasons outlined in a letter from the C.P.A.A. a copy of which was forwarded to M.P.P. John Eakins and M.P. William Scott, asking for their support.

Mrs. Ruth Gorrie and Mrs. Emma Hewitt attended council with respect to purchasing R. Kirkwood's home for use as a Library Cultural Center. Council directed the committee to proceed with the necessary applications for Heritage, Grants etc., and suggested the building be used only as a Cultural Centre.

Council authorized Woodcutter Supply be permitted to install a propane refill station on lot 17, Concession 3, Township of Minden, subject to compliance with all municipal bylaws.

Amos Brubaker attended council with regards to 1980 plans of the Horticultural Society. Rev. Brubaker agreed to supervise up to two students under a grant program. This matter to be further negotiated when the necessary approvals are received from the Ministry of Culture and Recreation.

Council approved Marilyn Meldrum's request to operate a convenience store from Minden County Mall in the Township of Anson, proved that a transient trader's licence fee of \$150.00 is paid to the Township and licence is issued.

## Bob Mann wins Curling Club

### 50-50 March Draw

The Minden Curling Club reached its objective on Monday evening at 9:30p.m. when the 300th and final book of 50-50 tickets was sold. A short time later Mr. Bob Mann of RR#2 Minden was the lucky winner of \$450.00 when his ticket, No. 745 was drawn.

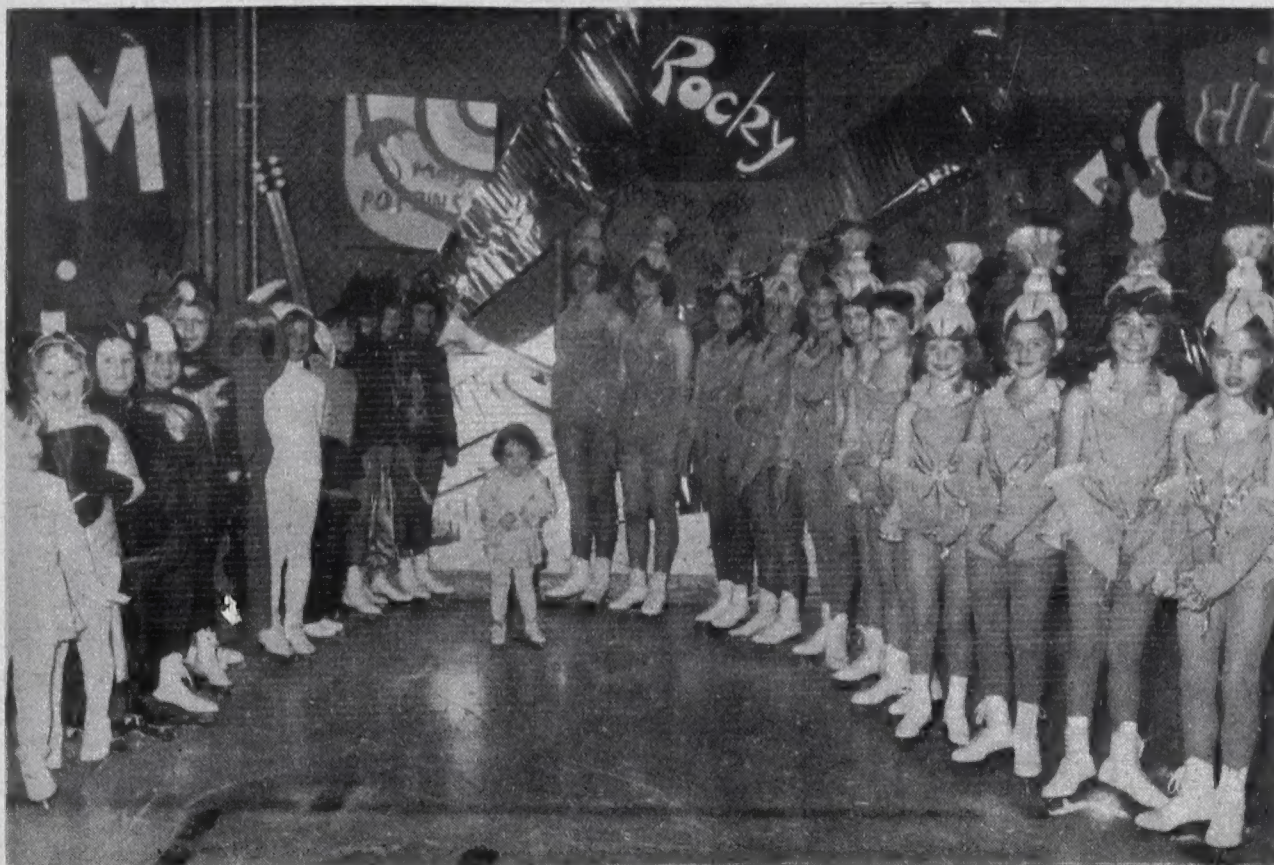

The Curling Club of Minden would like to thank all those people who purchased the 50-50 tickets to help the Minden Club construct their new curling rink. The Club has realized \$13,500 from the sale of the tickets and with grants matching money raised these days, this ticket money will really help get construction underway.

The next draw will take place on Wednesday, April 30th, 1980. The Highlands Express will be publishing the names of all 12 winners until next February 28, when the final winner will be known.

## Cardiff area man is injured following car accident

CARDIFF — Mr. Percy McCrea was discovered in his home near Cardiff with the bottom of his face shot away on the morning of Saturday, March 22. Constable Gary Banks found a red 1977 Pontiac station wagon rolled over in a swampy ditch on Highway 121 at about 10a.m. There was no one in or near the vehicle at the time.

Discovering that Mr. McCrea was the owner, Const. Banks went to his home nearby, where the wou-

## MFSC presents "Dancing through the Years"

Minden — The final skating of the 1979-80 season for the Minden Figure Skating Club took place this past Sunday, with the annual Figure Skating Carnival. This year's theme was "Dancing Through the Years" and was a beautiful one and a half hour of skating before a fine crowd at the Community Centre. The program commenced with a Junior Chorus Line entitled "Spoonful of Sugar", with all the youngsters dressed as animals. Following this solo, performances were given by Tanya Willis, Christa Irwin, Tammy Pritchard and Julie Hall.

The senior chorus line then put on a show of "Come on and Swim", dressed in beautiful blue costumes. This routine was followed by solo's from Dayna Atkinson, Adele Wray, Corry Ziorgen and JoAnne Kerr. The skaters also did numbers from Rocky, the Dutch Waltz, Canasta Tango, Fiesta Tango

and a Comedy routine was performed by clowns Carol Douglas of Minden and Clifford Newell of Oshawa. The final featured solo's by Tyna Hie and Werna Blakey.

Congratulations go out to the organizers, coaches and skaters of this final to another very successful figure skating season in Minden. We wish all Club members a very happy summer and look forward to seeing them again next spring. Tara Alrutz, Lisa Carr, Karen Cooper, Tammy Cox, Jill Gilligan, Julie Holiday-Rhodes, Michele Portter, Theresa Short, Jamie Walker, Tanya Willis, Christa Irwin, Tammy Pritchard, Adele Wray, Werna Blakey, Julie Hall, Carrol Emmerson, Bev Emmerson, Sheri Portter, Dayna Atkinson, Misti Campbell, Tyna Hie, JoAnne Kerr, and Corry Ziorgen.

## \$9,000 damage in 3 collisions OPP report 1 charged 1 injured

Minden — On March 28th at about 10:30p.m. on Highway 519 near Haliburton, Pamela Roberts 26, of Haliburton, suffered minor injuries in a single car accident.

Roberts was northbound, lost control of the vehicle and struck a rock in the east ditch. Police report the car being damaged for \$2,500. Invest. J. Solway.

County Road #3 was the scene of another single car collision on March 29th around 6:15p.m. Dawsey Haywood 17, of Gooderham was southbound, when he lost control of his 1969 car and entered the west ditch rolling the car over. Damages have been set at \$5,000 to the vehicle. Invest P/C Gary Chapman.

On March 30th police report a single vehicle accident on the Harburn Road near Haliburton. Earl Bull 23, of Haliburton was southbound in a 1976 car entered the east ditch and struck a rock ledge. Damage has been set at \$1,500 and Bull has been charged by OPP with failing to report a collision forthwith. Invest. P/C Reg Eveligh.

nded man opened the door for him. McCrea had apparently shot himself with a gun in the house following the car accident.

## Council approves tenders totalling over \$28,000

Minden — At a recent meeting of the Council of Anson, Hinden and Minden, more than \$28,068 in tenders were approved.

The tender from E.S. Hubbell & Sons Ltd. in conjunction with the Provisional County of Haliburton to supply the following culverts was accepted; 500 feet of 12 inch culvert at \$3.66 per foot, \$1,830 and 800 feet of 15 inch at \$4.44 per foot, \$3,552 or a total of \$5,382.00.

Council accepted the tender of Allied Chemical Canada Ltd. in conjunction with the Provisional County of Haliburton to supply up to 40 tons of bagged calcium chloride at \$144.26 per ton (\$5,770.40) as well as the quotation of Freightmaster Ltd. to deliver the calcium chloride for a fee of \$23.70 per ton (\$1,043.80) subject to the approval of the M.T.C.

The final tender accepted by council last Wednesday was from Canam Oil Services in conjunction with the Provisional County of Haliburton to supply up to 37,000 gallons of non-ashphaltic road oil at a cost of \$0.429 per gallon (\$15,873) subject to the approval of the M.T.C.

# Hundreds gather at Frost Centre for Maple Syrup Day

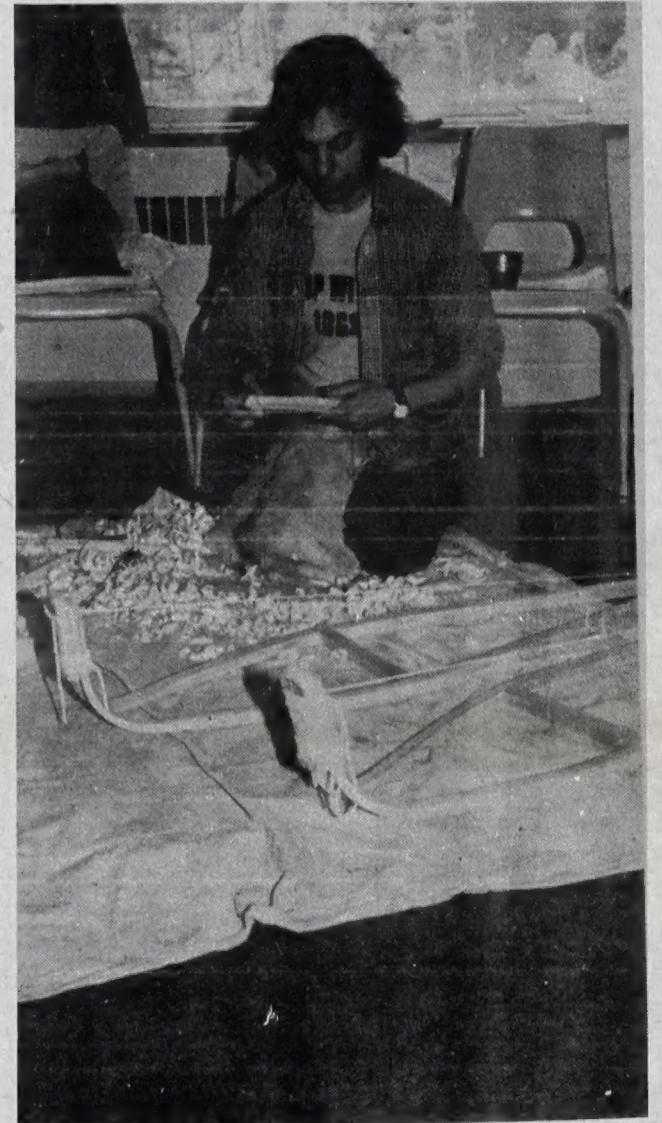

Dorset — Once again this spring the Leslie M. Frost Natural Resources Centre south of Dorset, attracted hundreds to their annual Maple Syrup and Information Day.

The program started at 9:30 a.m. last Saturday morning and ran through until 3 p.m. The Information Day had something for everyone this year and not only did they put on a very fine Sugar Bush Demonstration as well as syrup and taffymaking, but they also had snowshoe displays, a lapidary demonstration, Fur preparation by a local trapper and tour of a local sawmill.

One of the most interesting demonstrations at this year's program was the snowshoe demo. put on by Rick Nash, curator of Camp Kandalore's Kanawa International Museum of Canoes and Kayaks. He is seen in a photo on this page making a pair of Mistassini Cree snowshoes.

Another very popular demonstration took place in the Fish and Wildlife room of the Centre where trappers and Ministry officials showed off some of the finest fur pelts trapped in the area, as well as the art of skinning a fur bearing animal. A large display of the various methods used to capture these animals was also on display.

## In the News

TRY-try-again Trudeau is back in office as prime minister of Canada. This is his fourth term — unprecedented in the country's history — for the 60-year-old Liberal party leader.

# ENTERTAINMENT

## AHM Council adds additional insurance for mun. employees

Minden — At the evening meeting of Anson, Hinden and Minden Council on Wednesday, Council passed a resolution, which added additional insurance coverage to municipal employees.

The resolution read as follows: Whereas members of Council, officers, persons employed by the Townships of Anson, Hinden and Minden and persons volunteering to assist in Municipal activities are sometimes called upon by the municipality to use a motor vehicle within the scope of their duties; and whereas these persons may not have any insurance coverage, or such insurance coverage as they may have may not cover a liability imposed by law upon them resulting from bodily injury to or death of any person or damage to property arising directly from the use or operation of any automobile not owned in whole or in part by or licenced in the same name of

the Townships of Anson, Hinden and Minden, or where the insurance coverage of the employee, volunteer or member of Council which do in fact cover the said liability imposed by law for bodily injury to or death of any person or damage to property, may not be adequate in amount to meet any judgement against these persons: Therefore be it resolved that the Townships, assume the liability imposed by law upon each and every one of its members of the municipality, employees or volunteers, where: (a) the member of Council, officer, employee or volunteer does not have insurance for the above said liability; or (b) the said liability set out herein is not covered by insurance which they have in force, or (c) there is an excess of a judgment over the amount covered by their personal insurance with respect to the said liability, in which case the municipality shall be responsible only for the excess of the judgement provided always that the municipality liability shall in no event exceed two million dollars for damages for any one occurrence or accident, or series of occurrences or accidents resulting from a cause.

## Old age security payments are going up this month

OTTAWA — Increases in the Old Age Security pension, Guaranteed Income Supplement and Spouse's Allowance, effective in April 1980, were announced today by the Minister of National Health and Welfare, Monique Bégin.

The basic Old Age Security pension will rise to \$186.80 from the present \$182.42.

The maximum Guaranteed Income Supplement for a single person, or a married person whose spouse is not a pensioner and is not receiving a Spouse's Allowance, will increase to 153.35 from its current \$149.76. Added to the basic pension, this gives a person receiving both the OAS and the maximum GIS a monthly total of \$340.15.

The maximum Guaranteed Income Supplement for a married couple, both pensioners, will increase to \$127.51 each from \$124.52. Added to the basic pension this will give each married pensioner receiving the maximum GIS a total of \$314.31, or \$628.62 for the couple.

The Guaranteed Income Supplement is paid to pensioners whose income, apart from the Old Age Security pension, is limited. The amount of the supplement varies in relation to income.

The maximum Spouse's Allowance is made up of an amount equivalent to the basic Old Age Security pension and the maximum GIS at the married rate

and is paid to persons between 60 and 65 years of age who are married to OAS pensioners and meet residence requirements. Entitlement to a Spouse's Allowance, and the amount paid, is based on yearly income.

Where the pensioner spouse dies the surviving spouse may be eligible for the continuation of the allowance to age 65 or remarriage if that person has no income or a limited amount of income.

Increases in Old Age Security pension and Guaranteed Income Supplement payments are calculated quarterly based on the cost of living.

## Jim & Helen's Plaza adds Barber Shop

Carnarvon — Jim and Helen Mifflin, along with son Robert 12, moved to Carnarvon on June 8th 1979, and purchased Foster's Store. At that time Jim and Pearl Foster had run the Variety and Gas bar for many years and decided to retire from the business. The Mifflin's bought the business and many changes have taken place in the last 10 months.

The first change was the name, from Foster's Store to Jim and Helen's Plaza. The name change was due to the many diversified business Jim and Helen have added. The store is still a Variety Store, featuring groceries, notions, hardware, souvenirs and nicknacks, but the Mifflins have now added sporting goods, CB radios, small marina items and a much needed barber shop.

Jim Mifflin has been a barber for 30 years, having started with his father and brother in 1930 in the town of Whitby. After the retirement of Mr. Fred Cooper of Minden, who ran a small barber shop on the main street with his son Gerold for a great many years, the Minden-Carnarvon area was without this much needed service.

The marina business became a reality on Boshkung Lake when it was discovered by the Fosters years ago. The Mifflins will continue this service with a gas and oil bar on the lakefront for all boating enthusiasts this summer.

The Plaza is a dry cleaning outlet for Lindsay Cleaners. Fishing and Hunting permits can be obtained from the Plaza this year as well as live bait. Summer hours have been set now and the Plaza will be open seven days a week starting May 24th weekend from 8a.m. until 10p.m. Between Thanksgiving and May 24th the Plaza hours are seven days a week, 8-6on weekends and 8-9 on the weekends.

## MNR bars youngsters from Forest Fire work . . .

Neither Junior Rangers nor young people involved in the Experience '80 program will be allowed on fire related activities this year, Natural Resources Minister James Auld has told the Legislature.

Mr. Auld said the decision was made due to the incomplete state of an inquest into the deaths of seven young people last August in a prescribed burn project being carried out by the Ministry in the Geraldton area.

The Minister said an internal Board of Review thoroughly studied the incident, upon request, and gave its report and recommendations some time ago. But he was not making the report public "for the time being, so as not to influence the inquest recommendations".

However, Mr. Auld said, the Review Board's re-

HWY. 121, Haliburton 457-1800

port contained 21 recommendations and he has directed that every effort be made to implement them before the 1980 fire season begins April 1st.

Among the rules adopted by the Ministry were: Each prescribed burn plan (a fire deliberately set to dispose of forest debris and slash in preparation for reforestation) must now, in addition to being reviewed by senior Ministry staff, be scrutinized by further review groups of experts at both district and regional levels before approval is given for the operation; An improved and expanded training program for prescribed burn work has been developed and will be compulsory; Only persons who meet certain qualification standards will be used on prescribed burns.

Prescribed burns are vital technique in forest management by my Ministry. But at the same time, my staff and I are naturally deeply concerned about making sure that such a tragedy will not happen again. We are taking every step to see it doesn't, Mr. Auld said.

Hundreds of invitations have been mailed indicating that there is no registration fee and course participants will receive a certificate of attendance and a wallet card.

This course will be held on: April 15, from 9 a.m. to 11:45 a.m. at Hyland Crest Senior Citizen's Home in Minden, and again on April 16, from 9 a.m. to 11:45 in the Dysart Community Centre Auditorium, Haliburton, Ontario.

## On Sports

BY JOHN DALTON

Poor Larry Holmes! He's can't shake the ghost of Muhammad Ali.

Holmes, the WBC world heavyweight champ, is usually rated ahead of John Tate, his WBA counterpart. There's talk of a 1980 showdown between them.

Now that uproar over a Tate-Ali fight is stealing Holmes' thunder.

This, just before the two current heavyweight champs were to defend their titles March 31 on the same ABC-TV network fight card.

Holmes was training to face LeRoy Jones, the unbeaten No. 3 WBC contender. And Tate was getting set to defend his crown against Mike "Hercules" Weaver, rated No. 1 by the WBA.

Ali's on-again, off-again career is haunting both fighters. Especially Holmes, considered the real successor to the acclaimed three-time champ.

Holmes, a skilled boxer from Easton, Pa., has defended his WBC crown five times since he won that version of the title from Ken Norton on June 9, 1978.

Now 30 years old, Holmes has a perfect record of 33-0, with 24 knockouts.

To gain respect from boxing fans, Holmes likely will have to beat Jones, Tate, and even Ali — if "The Greatest" wants to make a real comeback.

Jones turned pro after winning the New York Golden Gloves Championship in 1971. He is unbeaten with a

record of 24-0-1.

Jones' most important win came on June 19, 1978, when he outpointed Weaver in a close 12-round bout. On June 14, 1979, Jones stopped James Beattie in four

rounds.

Tate, a 6-foot-4, 240-pound slugger, earned the crown vacated by Ali by defeating Gerrie Coetzee last Oct. 10. The 24-year-old WBA champ has an unblemished record of 20 victories — 15 by knockout.

Tate was a bronze medal winner at the 1976 Olympics, having lost to Cuba's Teofilo Stevenson. The Weaver fight is Tate's first title defense.

That TV extravaganza was to include other action besides the Holmes-Jones and Tate-Weaver bouts.

## Ont. Maple Syrup, Spring treat

It's maple syrup time again in Ontario. Mayple syrup, of course is made from sap, the nutrient liquid which is used by the tree for growth. To start the sap running in the maple tree, a marked seasonal change from the cold of winter to a prolonged warm yet frosty spring of warm days and cool nights is necessary. The sap runs only once a year, usually anytime during the period from about early March through mid-April, a season of about three to six weeks in Ontario.

Maple sap contains from 1 to 4 percent sugar. Once collected from the trees, the sap is boiled until it reaches a minimum of 66 per cent sugar; the result being pure maple syrup. It takes from 30 to 40 gallons of maple sap to make one gallon of maple syrup.

In Ontario, all maple syrup sold for retail must be labelled "Maple Syrup" or "Pure Maple Syrup", say the marketing officers at the Ontario Ministry of Agriculture and Food. The name and address of the producer or the packer and the quantity of maple syrup must also appear on the container. Products labelled "Pancake Syrup" and "Table Syrup" are not pure maple syrup, and will indicate the words "artificially" maple flavoured on their labels. Always check the labels to be sure which kind of syrup your buying.

—Enjoy the spring with the taste of maple syrup. Watch for the new decorative packaging on the containers, and always be sure it's maple syrup from Ontario.

The 1980 Minden Curling Club, "Straw and Broom" bonspiel, held this past weekend was won by the J.O. Jackson rink. Pictured above with the Hiram Walker Distil-

lers rep Brian Crawford, are left to right Jean Jackson, Jack Jackson, Brian Crawford, Etta McCann and Bob McCann, are receiving their awards.

## J. O. Jackson wins Curling Club annual "Straw and Broom"

Minden — Each year at the end of the season, the Minden Curling Club holds their annual "Straw and Broom" Bonspiel. The event, sponsored by Hiram Walker Distillers Ltd. highlights the seasons curling with 12 rinks participating on a points format basis.

This year the competition was very keen as the championship wasn't decided until the final rock of the last game. Play commenced Friday evening at 7 p.m. and ended 22 games later on Sunday afternoon with J.O. Jackson edging previously unbeaten Alec Miller in an extra, end 7-6.

After the first three draws, the top eight teams advanced to the finals on Sunday. Points were awarded as follows; five for a win, one for each end and a half point for each point scored up to ten, (if a score ended 10-5 a team would get 2½ points for the ten points scored.) The final games of the tournament were the most exciting games played at the Curling Club in many a year.

In the championship game, Alec Miller, who had the distinction of being the only undefeated team

### Boundary agreement reached

Agreement in principle has been reached by both provinces regarding an Ontario/Quebec boundary, Natural Resources Minister James Auld announced today.

The part of the boundary affected is in eastern Ontario, east of Cornwall in the St. Lawrence River — Lake St. Francis area. It has been the subject of much local controversy for many years.

The boundary location is based on a technical proposal developed by the two provinces during 1978 which

was amended in 1979 to overcome local objections.

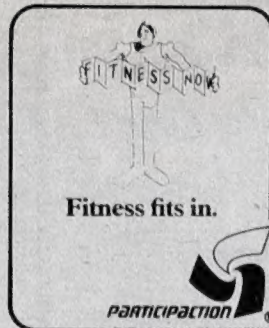

The long-standing dispute centres around islands which are regarded by the St. Regis Indian Band as part of its reserve. In a recent letter to the Band Council, Ontario Premier William Davis gave his assurance that the agreement in principle was reached without prejudice to any claims to jurisdiction and rights in this area the Band might make.

Under the new amendment the Colquhoun, Stanley, Jacobs and Little Hog Islands would lie in Ontario and Thompson Island would be in Quebec. This arrangement is in keeping with the principle of an equal area-for-area exchange of land and water.

"Maps of the proposed amendment were published in local papers in late 1979 and public response indicated fewer objections than there were to the original technical proposal," Mr. Auld said.

"The problem is one for which there is no one ideal solution," the Minister added.

Mr. Auld said the province is committed to continuing talks with the Band concerning their claim and that it is his expectations that representatives of the Quebec Government will also participate.

se in the extra end and with last rock, Miller had to draw to the four foot or go for a triple takeout. He tried the latter, got only two and Jackson was the winner 7-6. J.O.'s rink consisted of Etta McCann at third, Bob McCann at 2cond and Jean Jackson at lead. Miller's rink saw Bev Miller third, Paul Prentice second and Patty Prentice lead.

In other playoff action on Sunday, Bob Austin Herb Gill foursome 8-6.

The final standings in the 12 rink bonspiel were: J.O. Jackson 43, Bob Austin 41½, Alec Miller 41 ¾, Bill Obee 39 ½, Ron Reid 35 ½, Neil Burk 33, Jim Burton 31 ¼, Herb Gill 27, Dwight Thomas 19 ¾, Jim Garbutt 19½, Don Hall 19½, and Godfrey Saunders 10½.

A great time was held by all, especially the get together with Toos Reid and her brother Wally as well as Ken Fielding on Saturday evening, as they played guitars for four hours without a break.

The United States is the seventh largest wine producer in the world. Some 441 bonded wineries in 26 states bottled 270,128,000 gallons of the beverage during the 1969-70 crop year.

The enormous biting power of a shark is measured in tons, not pounds. A scientist once measured the bite of an 8 1/2 foot dusky shark at 18 tons per square inch.

## Minden Peewees win Baysville tourney, edge Haliburton 3-1

Baysville — The Minden OMHA Peewees ended the hockey season on Saturday afternoon in Baysville, the way every team would like to wind up a season. They captured the annual Baysville Peewee Hockey tournament, defeating Haliburton 3-1 in the championship game.

Minden opened the tournament against Lake of Bays and won 6-3 led by the three goal performance of Jeff Howe. Mike Gorveatt added a pair and Tom McLeod one.

Minden qoma Carling 8-0. Darri Ward, Mike Gorvett and Greg Newell led he on slaughter with a pair of goals each while singles went to Jeff Howe and Paul Walker.

In the championship game Glen Hall, Mike Gorvett and Paul Walker gave Minden a 3-0 lead by the of the second period. Chris LaPorte killed Burk's shutout late in the third period. Andrew was voted the outstanding goalie in the tournament, giving up just four goals and recording only one shutout.

### TYKES LOOSE CONSALATION FINAL

The Minden Tykes hosted their annual tournament on Saturday at the Community Centre here, with seven teams taking part. There were eight entered in the tournament but Baysville never turned up, causing some anxious moments, but the tournament went on as scheduled and turned into a very fine peice of entertainment.

Huntsville opened the tournament edging Minden 3-2. Aaron He scored both goals for the locals. Baltimore, Ontario then blanked Bracebridge 8-0, and Port Hope the class of the tournament trounced Haliburton 14-0. Huntsville made the championship game by dropping Lakefeild 2-0 and was joined by Port Hope who shutout Baltimore 3-0. Port Hope then recorded their third straight shutout, winning the Pritchard's Electric trophy as tournament champions.

They downed Huntsville 8-0. Bracebridge got to the Consolation Final against Minden by blanking Haliburton 4-0. In the final the locals were no match for the Bracebridge boys, losing 3-0.

Top goalie went to Huntsville's Pat Rinaldis. Even though he allowed eight goals, he stoped 50 shots including six breakaways. The top forward award went to Port Hope's Greg Hodges who scored four times in he championship game.

The Tykes weren't quite finished for the 1979-80 season after Saturday's tournament. They travelled to Haliburton on Sunday and defeated their hosts 4-1 to win the Glen Dart, Tyke Division. Erin Hie scored wice for Minden while singles went to Randy Bull and David Le. Jeff Stamp scored for Haliburton.

The Minden Novices also won the Novice Division of the Glen Dart tournament.

ion of the Glen Dart tournament, blanking Haliburton 4-0. There was no scoring in the first period but Jeff Francis scored the winner midway through the second unassisted. Scott Russell made it 2-0 before the third period was two minutes old assisted by Joey Boyle. Sheldon Stevenson upped the count to 3-0 from Russell and Boyle before Russell salked things away from Wyatt Nesbitt. Kent Taylor recorded the shutout and Russell recieved the Most Valuable Player award.

## Separate Moose season like for Bancroft area say MNR

Bancroft — There was some good news and some not so good news for hunters and fisherman forecast by Bruce Collins, district supervisor of the local office of the Ministry of Natural Resources in his hard-hitting address to members and guests at the regular monthly meeting of the Bancroft District Fish & Game Protective Association, last Thursday evening, in the Bancroft Public School.

First, the district deer herd has had a "marvellous" winter. Bruce Collinssaid, the best in five years. This means that the herd will be coming into fall in good condition, caused by a winter of light snowfall which permitted them to feed, for a great part, on acorns, a food high in nutrition for white tails.

Although no official announcement has been made as yet, it is expected, Collins said, that the deer season will be the first week in November. In this conection, it is expected that a set harvest will come into effect this fall, and that antler less stamps, enabling the bagging of does or fawns, will be issued. In this connection the speaker noted that, while the Ministry's objective is to provide game for hunters, "We have to expect to issue a number of antlerless permits." These permits may be obtained by hunters, on making application after receiving deer licences, and must state the area where he will be hunting.

With no emergency feeding necessary this past winter, the Natural Resources staff here concentrated on a long-term project, started in the northern Watt Lake area, of making travel trails for the the deer population. The preparation of these enhances future work programs among the herd furing periods of heavy snowfall.

Concerning his announcements for the coming hunt season, Collins stressed that these were recommendations only from his office and that their implementation would be the decision of the Ministry.

Recommendations include a moose season for the district this fall, separate from the regular deer season date. The local season will coincide with the moose season in the northern parts of the province, to prevent overlaping of hunting in the two areas.

Collins warned that "our moose can't stand a high hunting density" as our herdis not large.

### FISH MANAGEMENT PROGRAM

The good news in he fish management program is that locally, 64 lakes will be stocked, Collins told fishreman present. This is against only 31 lakes last year, due to disease in a couple of the provincial hatcheries.

Improvement was noted in local yellow (wall-eye) pickeral population. Several lakes and streams are receiving the attention of the local staff, particularly streams into Jack, Paudash, and Baptiste lake

## March Meeting of W.I.

During the March school break on the 19th a small group of members of Minden Women's Institute met at St Paul's Parish Hall for their monthly meeting.

Several members read verses and one guest was welcomed by president Mrs. Clare Brown. Reports were read by Secretary Mrs. J Hulbig. Mrs. Moores report had 23 cards sent since last meeting for sympathy for the sick or shut-ins and congratulations. Collections for the card fund and pennies for freindship

**Samantha**  
READS YOUR STARS

**If you were born this week:** You are adventurous and energetic, always willing to try something new. You thrive on activity. You never go along just for the ride; in fact, if you can't take the steering wheel, you're apt not to get in the car! You have a hot temper, but rarely hold a grudge.

**ARIES (3-21/4-19):** Your courage and vitality are an example to all of us, Aries. The bravery and life force in those first green shoots that push through the snow are mirrored in you. Spend time this week with those who love you most.

**TAURUS (4-20/5-20):** Catch up on news with friends, both old and new ones. Then, the domestic scene keeps you busy, Taurus. Look for a treasure that's been hidden away, maybe in a closet or the back of a drawer. Finally, daisies tell. Will you?

**GEMINI (5-21/6-20):** Add coins to your piggybank, get jewelry repaired and be prepared to greet new friends in the week ahead, Gem. Formulate new goals, complete a project at home, and pay close attention to a certain family matter. Busy!

**MOONCHILD (6-21/7-22):** You may be faced with a bit of opposition this week, Moonbaby. Forget the straightforward approach; it'll only cause a head-on collision. Use brainpower and sneak in the side door instead. Slippery, but effective!

**LEO (7-23/8-22):** Confusing clutter crowds and obscures the real issues this week. Let your instincts help guide you to the center of the maze, Leo. Later, your great charm is working fine; it's just that you may have found one who is immune!

**VIRGO (8-23/9-22):** Join the social set for fun and games, Virgo, and you'll find romance the extra added spice. Later, don't be shy about taking the credit. Bushel baskets are fine for holding apples, but they shouldn't hide your light, angel.

**LIBRA (9-23/10-23):** Your symbol, the scales, is used not only to weigh, but also to balance. Keep your perspective — and your balance — this week, Libby. Recognize that a certain tempest is contained in a strong little teapot. Not to worry!

**SCORPIO (10-24/11-22):** You can spot a phony the second he opens his mouth. And there is not much that makes you more angry or contemptuous than a fake. However, this may be one you have to work with a bit, so bide your time.

**SAGITTARIUS (11-23/12-21):** Saj, darling, all the marvelous ideas and super ingenuity in the world won't accomplish one single thing by themselves. It takes effort and perseverance. Stop taking about what you're going to do, and do it!

**CAPRICORN (12-22/1-19):** Outside commitments and pressures abound this week, Cappy, but your family needs you, too. Juggling yur time won't be easy, so establish priorities early and stick to them. Week closes to happy, upbeat tempo.

**AQUARIUS (1-20/2-19):** Try to stay off the phone, Aquari. You have chores to do, and, knowing you, you'll think of a dozen people to call to avoid doing them. Later, an in-person tete-a-tete is both stimulating and important. Look your best.

**PISCES (2-20/3-20):** Cupid opens your days with romance, Pisces. You can bet on love, and gambol all you want, my pet, but stay away from gambling of any sort. Wild cards and long shots don't pay off. Coins arrive this week through work

were taken.

The District Executive Meeting report had the following details. Names of Delegates to area Convention will be Oct. 22nd at Fenlon Falls United Church, \$14 per Branch will be sent to District annual May 22nd for their adopted child. Four Branches will contribute their talent to the Programe.

Some details were discussed on the bus trip and members will turn their names in to our Treasurer by the next meeting for their reservations.

A lovely quilt top and batt were donated by Mrs Harold Hogg and plans for quilting will be decided at the next meeting.

Mrs Ern Hewitt chose as her topic, Cocoa and Chocolate and showed its history and development and process on the way to the grocer's shelf. She also had a package of cocoa beans to show us.

The meeting adjourned and all enjoyed the delicious lunch and a Social half hour.

The next meeting will be at the United Church Hall april 16th at 2p.m. and all ladies are welcome to attend.

Mrs. M Sears P.R.O.

## NOTICE

Under the Forest Fires Prevention Act,  
The period from April 1 to October 31 in  
each year shall be a fire season.

Fire permits are required in a fire district  
• for all outdoor burning except cooking  
or obtaining warmth

• to ignite fireworks within 1000 feet of a  
forest or woodland.

A work permit is required to conduct any  
operation which is liable to cause an  
accumulation of slash or debris within  
1000 feet of a forest or woodland.

No person shall smoke while walking or  
working in a forest or woodland.

Fire permits may be obtained from local  
Ministry offices or township fire wardens.

Ministry of  
Natural  
Resources  
Ontario

Hon. James A. C. Auld  
Minister  
Dr. J. K. Reynolds  
Deputy Minister

## Ask Alma

Dear Alma:

Although my husband and I have a legal problem, that's not what I'm writing about. My brother-in-law, Bob, is a lawyer and my husband wants to use him because he doesn't charge us. In my opinion, Bob is a lousy lawyer and I have no confidence in him. I would rather pay for a competent attorney and at least have a shot at winning the case.

What should I do? If this keeps up, hubby and I will need a divorce lawyer, too. — Call me SUE

Dear Sue:

Send hubby off to see his brother and you take a trip to a lawyer of your choice for a consultation. Then compare notes. If Bob's advice-analysis seems as sound as your expert's, stick with Bob and pay the other lawyer for an hour of his time. If Bob seems way off base, hubby will see it himself. And don't be worried that Bob will be upset if

someone else represents you. Free clients are easy to replace.

Dear Alma:

While waiting for a table in our favorite restaurant, my mother and I had a drink at the bar. The bartender was preparing an order of three scotch sours for another party and carelessly over-filled one glass. He bent down and sipped off the top quarter inch of the drink. The waitress picked up the tray and served it. I was dumbfounded and promptly lost my appetite. Mother thought it was funny so I didn't say anything. The incident still bothers me. What would you have done? — Edward

Dear Edward:

I'd have gone straight to the manager and complained. It's no different from getting a sandwich and finding the chef has taken a bite out of it.

## Let's Go Snowmobiling

It's a fact that snowmobile and rider exert dramatically less pressure on the earth's surface than other recreational activities, in fact, just one-tenth the pressure of a hiker and one-sixteenth the pressure of a horseback rider.

If you enjoy playing indoor tennis, you consume slightly more energy per hour than you would snowmobiling.

Given adequate snowfall and responsible operation, all evidence of snowmobile operation disappears when the season changes and the snow melts.

The advent of the new, quiet 78db(A) snowmobile has effectively reduced public objections to a point where provincial and state governments report that they now receive few if any complaints from citizens about snowmobile noise.

A U.S. Environmental Protection Agency study found that snowmobile emissions are minimal on a national basis and can hardly be considered additive to overall air pollutant episodes because snowmobiles are rarely operated in areas of concentrated development where such severe conditions exist.

In Canada, snowmobiles use just 3/4 of 1% of all gasoline consumed.

All snowmobiles in Canada consume just 11/100 of 1% of total energy used in Canada.

Go'doo it.

Dear Alma:

I am thirty-one, just divorced, have no kids, am attractive, bright, well-heeled and bored to death. I am also not trained to do anything skilled. What can I do that would be constructive and challenging? — F.T.I.

Dear F.T.I.:

Go back to school and prepare for a career. You can do anything you'd like.

Share your questions, problems or difficult decisions. ASK ALMA will respond in this column. Write to ASK ALMA, P.O. Box 43, Closter, N.J. 07624 and watch for the answer in this paper.

## Fuel economy computer now at Curry Motors, Haliburton

OSHAWA, Ont. — Consumers have probably heard a lot about the improved gas mileage of 1980 automobiles. General Motors of Canada intends to let potential buyers prove to themselves what kind of rating they can attain with their personal driving habits.

In a first for the auto industry, beginning in mid March, GM dealers across Canada will have specially installed fuel economy computers in demonstration models. Potential buyers will be invited to drive the demo cars.

After a potential buyer test drives a car, a salesman who is trained to obtain the maximum mileage through proper driving habits will drive the car and compare results with those obtained by the buyer.

Through the program, buyers will become aware of what realistic fuel economy can be achieved with their new cars, especially when proper driving habits are followed.

## Toronto men battle in Fenelon

Coboconk — A fight, described by Coboconk OPP as an assault, has resulted in a Toronto man being transferred from Ross Memorial Hospital to a city hospital.

In a two-man brawl in front of the Victory County Feed Mill, in Fenelon Falls, on Saturday, March 22nd, police say the victim was George Wong 27, of Toronto, while they name the assailant as Brian A. Rocks 19, also of Toronto.

## Mainstream Canada

### The Problem with Numbers

By W. Roger Worth

A youngster in Thunder Bay, Ontario, missed part of the hockey season this year, even though he was ready to sign the forms required by the local sports association and pay the annual fee.

The reason his application to play minor hockey was disallowed: the kid didn't have a Social Insurance Number.

That's just one example of the creeping use of a numbering system for people that is causing widespread concern in Canada.

Canadians have indeed come a long way since 1964 when Parliament approved simple legislation setting up a social insurance numbering

Roger Worth is Director,  
Public Affairs,  
Canadian Federation of  
Independent Business.

system to control information relating to only two programs, the Canada Pension Plan and the federal unemployment insurance scheme.

In fact, the only people who legally require a social insurance number are individuals over 18 who are working in pensionable employment.

So much for the law and the Parliamentary activity that resulted in a nine-digit numbering system not unlike the one presented in the 1984

scenario by George Orwell.

What's happened with Ottawa's "restricted-use" social insurance number, of course, is history.

In efforts to upgrade electronic accounting and information systems, banks, financial institutions, credit card companies, schools, libraries, even sports associations are grabbing individual numbers these days.

The government has even forced banks to withhold 25% of Canada Savings Bond dividend payments to people without social insurance numbers. Discrimination indeed.

Realistically, it's difficult to operate without a social insurance number, no matter what government authorities say.

As a result of concern over the burgeoning use of the numbers and the potential for invasion of personal privacy by making private information readily available to almost anyone, a Commissioner has been appointed to study the issue.

It's about time.

Parliament should either broaden legislation controlling the social insurance numbering system or forbid use of the numbers by private groups and institutions. At least the public would be re-assured that Canada's legislators fully understand what is happening.

## Environmental Health Bulletin Ontario's fish contaminants information program

Environment Ontario issues bulletins on a routine basis to provide Ontario residents with up-to-date information on the results of fish collected and tested for contaminants such as mercury and PCB.

This bulletin contains information on fish collected from 41 watercourses and supplements the information on about 879 lakes and rivers contained in the "Guide to Eating Ontario Sport Fish" booklets published in April, 1979 and subsequent Environmental Health Bulletins.

For each lake, the individual fish species tested are categorized according to size and contaminant concentration. Safe consumption limits can be determined by consulting the following "Fish Consumption Guidelines" table.

The recommended maximum consumption levels depend upon the period of time over which fish are consumed (1 week, 2 weeks, etc.) and the contaminant

## HOT TUBS

**Natural, Healthful,  
& So-o-o-o Relaxing!**

Now is the time to get a hot tub of your very own. Every day of the year, in the privacy of your own home, you can enjoy the ultimate experience of being completely surrounded with hot swirling water. Maintenance is simple, & energy costs are surprisingly low because wood is a good insulator.

Install your hot tub into a deck, basement, patio or family room. Enquire about the special price on our lovely 5 foot round pine tub. Bank financing can be arranged.
